AWARDS JUDGING THANK YOUS

We could not hold our Annual Achievement Awards if it weren't for the people who volunteer every year to help with the judging process.

We always cover a lot of territory throughout Sonoma, Marin & Napa counties and that makes for some extremely long days! Thanks so much for volunteering to help us!

OUR 2021 JUDGES

Tish O'Reily – ***Pacific Mountain Horticulture***
Gil Gonzalez – ***LCIS***
Leeanna Schoeder – ***Roxy Designs***

I also want to thank **Laura Leuer** from the CLCA East Bay Chapter for helping me find 2 of this year's judges.

The judges must come from outside our chapter. So, for the last few years, the North Coast & the East Bay have been swapping judges. I also want to thank **Andrew Johnson** & **AJ de Lopez** from our chapter, for volunteering to judge the East Bay this year. Thanks!!! *~ Connie Salinas*

OUR FAITHFUL DRIVER

Chris McNairy of Hunter/FX has driven the judging van for many years now. Not only does he keep us on task and not let us dilly dally, but he can also be very entertaining, and he provides us with a plethora of interesting information.

Always a pleasure Chris! Thanks for taking the time out of your busy schedule to do this.

Our North Coast Journal Goes out to Over 200 Green Industry Members Every Month

The rates are very reasonable! All our advertisers also get one FREE full-page spotlight in any issue of their choice during the year.

Contact Connie if you have any questions @ (707) 217-2139 or heyconniesalinas@hotmail.com

2021 RATES

Keep your company name in the minds of our chapter landscapers every month!

THE URBAN FARMER STORE

The Urban Farmer Store is hosting a webinar with Laura Allen, Greywater Action on Saving Your Trees during the Drought using Graywater.

Laura will share how to install a Laundry-to-Landscape (L2L) system in your home to save your trees and shrubs during outdoor water use restrictions.

Learn about an affordable and simple method to save your tree with laundry graywater.

This free webinar is on September 23rd from 5 – 6 pm, register in advance here:

Landscape Carbon Calculator

About the Landscape Carbon Calculator

The landscape carbon calculator is a tool for landscape leaders, designers and builders to evolve design strategy. Climate change is a humanity issue and it is the responsibility of all people to make informed decisions on their contribution to this global problem.

This tool is solution oriented and it can determine the impact of making small adjustments to design components in an effort to decrease the amount of carbon released from your project. Knowledge and accountability are one part of the solution to a global crisis. The landscape carbon calculator is one way that information is becoming accessible. **https://calccarbon.com/ (707) 234-8529 info@calccarbon.com**
